BETHEL INN HAS BUSY FALL SCHEDULE

Prospects for fall business at the Bethel Inn are unusually bright as of this date according to Mr. and Mrs. Guy P. Butler, owner-managers of the local resort.

Reservations are slightly ahead of last year for the remaining six weeks of the 1958 season; and, in addition to this regular fall vacation business which has always been important to the economy of the town of Bethel, the inn will be host to eight groups of varying size before it closes on October 14.

On September 13 and 14, the Maine State Golf Association will sponsor a two-day Golfer's Week-end that will bring a considerable number of golf enthusiasts to Bethel.

On September 20 and 21 the Southern Maine Chapter of the National Association of Accountants will take over the inn's facilities for a two-day session of fun and relaxation; and, on September 22, Mr. and Mrs. Butler will be hosts to a distinguished group of newspaper and magazine travel editors who will make their only overnight stop in Maine at the Bethel Inn as part of a four-day tour of the New England states in search of new material for their respective publications.

Then, on September 27, the Annual Fall Meeting of the Gould Academy Trustees will occupy the spotlight.

On October 1, there will be a dinner meeting of the Androscoggin Valley Dental Society, and a similar session of the Oxford County Medical Society on October 8.

In between these dates, on October 4 and 5, there will be a two-day session of the Maine Independent Meat Packers Association; and on October 7, an all-day meeting of the Maine Association of Real Estate Boards.

The last few days of the season, from October 10 to 14 will be reserved for the "Last Weekend Remnant" which was successfully promoted in 1956 and 1957 primarily as a time for guests who have visited the Inn during the summer to return for a few days of fun and foliage before the winter season.

From a tally of reservations already made for this year's "Remnant" it is apparent that Bethel will see a great many visitors over the Columbus Day Week-end.

It is estimated that more than 400 new visitors to Bethel will be included in the total of approximately 600 that will be guests of the Bethel Inn among the eight groups named above.

COMMENTS FROM THE TOWN MANAGER'S OFFICE

Twice during the summer a hole has developed on Philbrook St. It was found this last time that the wooden underground drain has started to rot away causing the road to cave. Funds do not permit laying a new drain at this time therefore a patchup job will have to suffice for this year.

Payment of dog licenses has been very satisfactory since the notices were mailed. It appears that there will be very few names of dog owners to turn over to the dog constable.

The Bethel Highway Department has been employed by the County Commissioners to do the Town Road Improvement Fund project in Mason. This year the work will be on the Bog Road, so-called. There is \$1200 available for this work.

At 1:00 P. M. Saturday special town meeting will be held. The business session will take place at this time. The polls will open after the articles are disposed of and will remain open until 7:00 p. m. It is of interest to all voters to be present to express their wishes regarding the proposed Zoning Ordinance.

Notices have been sent to persons owing 1957 personal and poll taxes, allowing thirty days to make payment. If not paid within the thirty day period a warrant and summons will then be issued.

Tax liens will be filed with the Register of Deeds later this month against property where the 1957 real estate taxes remain unpaid.

Sincerely,
Harold L. Bean

HORACE E. LITTLEFIELD

Horace E. Littlefield died at his home on Main Street, Friday forenoon, Aug. 29, after a brief illness.

"Dad," as he was known to his many friends, was born at East Stoneham, Oct. 16, 1886, the second son of John S. and Anna Russell Littlefield. He went to Bryant Pond with his parents when about 20 years old and lived on the old Littlefield farm at the head of the Lake until their death.

For several years he was a farm machinery salesman for International Harvester Co. About 50 years ago he purchased and operated a livery stable at Bryant Pond.

After moving to Bethel, forty or more years ago, he operated the former Plaisted livery stable for several years and operated the first automobile bus line and mail service from Bethel to Rumford until that mail service was discontinued.

Two brothers, J. Clinton, of Locke Mills, and Elijah, of South Paris, died within the past three years.

An older brother, Sidney, of North Abington, Mass., survives as do a son, Horace Jr., of Solon, and a daughter, Mrs. Madeline Huss, of Bingham.

Funeral services were held at Greenleaf's funeral home Monday afternoon with Rev. Richard W. Hamilton officiating. Acting as bearers were Claude S. Cushman, Charles W. Day and J. Gordon Farnum of Jefferson Lodge, A. F. & A. M., Bryant Pond, of which Mr. Littlefield was a fifty year member and Robert Keniston of Bethel Lodge. Interment was in the Littlefield lot, Lakeside Cemetery, Bryant Pond.

JASPER CATES

Jasper Cates died Friday at the Central Maine General Hospital, where he had been a patient two weeks.

He was born in Berlin, N. H., Jan. 21, 1875. Most of his life was spent in Bethel, where he was employed in wood turning mills. He had been in ill health for about 20 years.

Mr. Cates had been a member of the Odd Fellows 23 years and was a past grand of Mount Abram Lodge.

He married Miss Hannah Jane Merrill, who survives him.

Funeral services were held at the Greenleaf funeral home Sunday afternoon, the Rev. Richard M. Hamilton officiating. Burial was in Riverside Cemetery.

New Mill Under Way at W. Bethel

Through the efforts of the Industrial Committee of the Bethel Area Development Corporation, ground has been broken this week for the new Roger Favreau Furniture Stock Plant to be located on a 15 acre site on the south side of Route 2, West Bethel. The main building dimensions are 80 x 24 feet and of cement block, concrete and iron fireproof construction and will be completely powered by electricity. An additional drying area, 60 x 16 feet, with roof and cement flooring, will adjoin.

The plant will manufacture square dimension and flat dimension hardwood stock for furniture factories principally located in Vermont and Massachusetts and some hardwood by-products will meet a need of some area manufacturers of other hardwood products. It is expected that construction will be completed to a degree to allow the beginning of operations about November 1.

Editorial

The referendum questions which are submitted to all Maine voters every two years are of first importance to the welfare of all citizens. Yet little is said or printed in behalf of a negative vote in any newspaper or through the radio or television messages.

It seems to be evident that when nearly every newspaper profits from the advertising of alcoholic products, and advertising of such over the air is endless, the "wet" have a considerable advantage in the spread of their propaganda. Their side is also aided by paid advertising in various leagues, foundations, associations and such organizations.

The fact remains that all these groups are primarily interested in the sale of liquor. They are of course aware that an increase in the number of sales outlets will be likely to result in increased sales. Their arguments point to employment created and taxes paid to the state and nation, and stress advantages of legal control.

Opposed to an ever increasing use of alcoholic beverages, especially apparent in the goal of growing beer sales as a starter in the health, the industry and its allied groups never mention the attendant evils which have followed their proliferation since prohibition days.

For the information of our readers we offer the following:

In 1956 nearly 60 per cent of all arrests were related to the use of alcohol.

Last year to 50 per cent of all fatal automobile accidents drinking drivers were involved.

Last year one in every 25 consumer dollars went for beverage alcohol.

One out of every four mentally ill Americans is an alcoholic.

In 1957 the sales of beer and wine in Maine paid to the state and nation \$400,000. The wet source which published these figures did not state how much in dollars and cents the Maine public paid for their product, but they boasted of an average Maine consumption of 164 gallons per capita.

In our opinion such a record should not inspire pride or complacency. With all respect to our friends who sincerely disagree, we believe that a "dry" vote on all five referendum questions is the only way to maintain a good citizenship.

Mr. and Mrs. LAMON DAVIS were in Rumford Tuesday morning on business.

BUILDING A BETTER MAINE

with JIM OLIVER

I've never heard it said, "I'd rather vote than eat." But many people now tell me, "I'd wish I'd voted last time." And I'd rather you were late to dinner than have that happen to you.

Election day, September 8, 1958, is our big chance to help build a Better Maine. Last week I outlined four items—including equal pay for equal work for us Maine people—to do just that. I also want you to consider these five aspects of my program:

1. Direct production payments for our family farmers, instead of the rigid or flexible price support system that keeps grocery prices up, farm incomes down.
2. Ample classrooms for our children, adequate salaries for our teachers.
3. Unemployment, minimum wage and social security payment schedules adjusted to increases in the cost of living.
4. Ending of job discrimination against older workers.
5. Paying the bills by increasing government efficiency.

Remember, this time MAKE SURE YOUR VOTE COUNTS. VOTE FOR JIM OLIVER FOR CONGRESS.

Read Psalm 27:1-7.

One thing have I desired after the Lord, that will I seek after; that I may dwell in the house of the Lord all the days of my life. (Psalm 27:1)

First sight this seems a strange request, even to a devout Christian. What does this verse of Scripture mean? Does it mean that the temple is a kind of hotel where he can live all the time? Or is it the cry of a tired man who longs for a "rested life"?

Neither! The psalmist is thinking of the Temple in Jerusalem as the symbol of the highest things in life. He has learned from worship in the Temple that he is in the ordinary affairs of living.

It is as though he had a picture in his mind of oriental hospitality,

in which the sheik is the friend of the traveler, giving him refreshment after the day's journey and rest before resuming his journey. That is how he thinks of the Temple.

Our Sunday worship should be able to stand the test of Monday morning.

PRAYER: O God, our Father in heaven, teach us to worship Thee in such a way that it may be a means of strength and blessing in all we undertake. May the calm and peace of Thy house be present with us this day in whatever we may do and wherever we may go. In the Master's name. Amen.

Thought For The Day
May we take the love of our Lord out into the world.
Raymond W. Fenn (Canada)

FARM ACCIDENT DEATHS DROP IN MAINE

Farm accident deaths in Maine have been reduced from 46, three years ago to 22 last year. This reduction has come about since the

organization of the Maine Farm and Home Safety Council in 1955, perhaps reflecting the efforts of the Council to lower farm accidents. Farm fatalities from accidents reached 45 in Maine in 1955, dropped to 37 in 1956, and totaled only 22 in 1957. The Maine Farm and Home Safety Council reports that more deaths occur each year in farming than in any other major industry. About one out of every four workers killed on the job dies from farm work. Last year took about 12,800 lives and resulted in more than a million injuries.

Boys and girls, summertime is a wonderful time for bike riding. The State Police ask you to remember, however, that you should NEVER carry another person on a standard bicycle. Remember, you are not doing such a person a favor. As a matter of fact, you are placing him in a position of great danger. Be smart; obey the law. Don't carry passengers on your bike!

Philanthropy is loving, ameliorative, revolutionary; it weakens lofty desires, new possibilities, achievements, and energies.
